DETAILED ACTION

Allowance

Claims 1-31 are allowed.

The following is an examiner's statement of reasons for allowance:

The claims in the instant application have not been rejected using prior art because no reference, or reasonable combination thereof, could be found with discloses, suggest or teaches, of determining an outcome for occurrence of the lottery game, wherein the outcome comprises of selecting a predetermined number of multi-digit drawing numbers, wherein each multi-digit number is determined by different lottery game jurisdictions selected by the player.

It is noted that the prior art of the record, Illinois State Lottery Department, teaches of determining an outcome for the lottery game, wherein the outcome comprises of selecting a predetermined number of multi-digit drawing numbers. However Illinois State Lottery department fails to teach or suggest, allowing player to select different lottery game jurisdictions to determine each multi-digit number.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
